

Workshop on circuit simulation and PCB design

The Workshop on Circuit Simulation and PCB Design held on 11-12-2021 and 14-12-2021. Organized by Department of Electronics in collaboration with the CHMKM Government Arts and Science College, Tanur, and College of applied science, Meenangadi as a part of the skill development program for B.Sc. Electronic students. The workshop aimed to provide participants with practical skills in circuit simulation and printed circuit board (PCB) design, catering to electronics enthusiasts, students, and professionals interested in mastering these essential aspects of electronics engineering. Total 40 students got trained in the use of LT Spice for Circuit Simulation and Ki CAD for PCB design. The participated students made PCBs, soldered, and tested them.
