Screenshots of course page and overleaf assignment submission

The screenshot shows the course page for "Scientific Writing in LaTeX". The page includes a navigation bar with "Home", "Dashboard", "Events", "My courses", and "This course". The main content area has a breadcrumb trail: "Dashboard > My courses > CERTIFICATE COURSES > LaTeX".

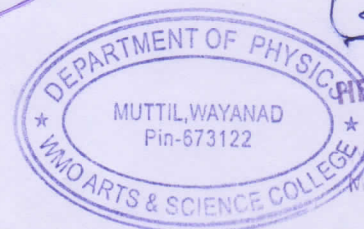

Below the breadcrumb, there is a message: "You may share your final document on overleaf with me. My email:ksiraj022@gmail.com".

A "Welcome!" message follows, stating: "Hello and Welcome to the 'Scientific Writing in LaTeX' Certificate course. This course intends to introduce you to LaTeX, One of the most sophisticated open source typesetting systems that are perfectly designed for the production of Scientific and technical documentation. The goal of the course is to prepare students to use LaTeX to write their research project reports and maybe even other classroom reports. This Course requires a minimum of 30 hours of work. The structure and outline of the course are described in the running outline of the course. Progress of the course will be through video instructions, quizzes, assignments, lessons, and occasional offline/online meetings. The course will end with a final assignment in which students will prepare about 5 pages of a pdf document based on problems they would choose from the various courses offered in the syllabus."

An assignment titled "August 8-Typing equations in a document writer" is highlighted, with a due date of "10 August 2022" and a status of "54 of 65 submitted, 54 ungraded".
