

International Webinar on Nanotechnology - Current Trends and Opportunities

The "Nanotechnology - Current Trends and Opportunities" international webinar organized by Department of Electronics on 23rd June 2021. Dr. Rinu Abraham M, a distinguished expert in the field, served as the resource person for the event. He is also an esteemed alumnus of the department. Total 160 students participated in the webinar. The webinar was a dynamic and informative virtual event that aimed to explore the latest developments, trends, and opportunities in the field of nanotechnology. The webinar brought together experts, researchers, scientists, and enthusiasts from around the world to discuss the significant impact of nanotechnology on various industries and its potential for shaping the future.
