

CAREER GUIDANCE

Department of chemistry conducted a career guidance programme on april10, 2020. This programme was mainly for the third year B.Sc. students to make them aware about various opportunities and trends in the field of science after graduation . The resource person for the session was Dr. Thomas J Thevera HOD Department of chemistry And gave a brief explanation of the importance of science in our life .He gave a brief introduction about the various opportunities and scope in the field of chemistry and science and suggested various ways that how to opt the career in ones life depending on the capabilities and potential. He motivated the students to be confident and communicative in life . This was a great interaction between students and teachers for the development of career. This session was very useful for the students to get more idea about the field of chemistry in our life . Career guidance helps the students to reflect on their ambitions, interests, qualification and abilities.
