REPORT ON STUDENT GRIEVANCES (2020-21)

The college has an Anti-ragging cell, a Discipline committee, a Women's cell, and SC/ST cell. These cells and committees play a crucial role in creating a safe and secure environment for the students within the college campus.

During the Academic year 2020-21, the offline classes started in the college from January 2021 onwards. The classes were conducted strictly following the time-to-time instructions from the Kerala state higher education and health departments. No gathering of students is permitted on the campus.

During 2020-21, we have not received any student grievances on sexual harassment and ragging cases. Regarding internal marks, the students can approach the concerned teacher at the first level, and if the grievance is not rectified, they may approach the department-level grievance redressal cell. The grievances not rectified in the first two levels will only reach the college-level grievance redressal cell. No such Grievances reached the college level during 2020-21.
