The college actively promotes its Alumni Association (registered under Kerala registration act- **WYD/CA/189/2022**) to create a vibrant community of former students, encouraging them to stay connected with both the institution and each other. By facilitating regular interactions, this network helps alumni share their experiences, celebrate achievements, and support one another throughout their careers.

Through expertly organized events—such as reunions, networking gatherings, and workshops—the Alumni Association fosters a lifelong spirit of belonging and pride among its members. These initiatives provide opportunities for alumni to connect not only with their classmates but also with newer graduates, creating a rich tapestry of shared experiences and mentorship.

OSAWC had conducted many activities that highlight the impact of the association on its members and the college. OSAWC organized Honoring Functions to recognize the achievements of outstanding alumni. The Association officially registered as Old Students Association of WMO Arts and Science College, Muttill (OSAWC) on August 24, 2022. It organized a Mega membership campaign from August 1, 2022, to September 31, 2022. The campaign was inaugurated by Jb.
