Declaration of the Principal.
(6.2.2)

The Campex ERP system, operational at WMO Arts and Science College, Muttil, serves as a versatile tool for streamlined student management, fee collection, and accounts. Since 2017, it has effectively managed these aspects. The costs encompass development, maintenance, and staff salaries. Audit reports don't feature separate categories for E-Governance or Campex; staff salaries are categorized as such, while other costs are under Computers and Software or Accessories.

Notably, the College lacks influence over Government and university-controlled E-Governance portals, which are provided cost-free for institutions.
