

WMO ARTS AND SCIENCE COLLEGE, MUTTIL

CRITERIA-VI:6.2.3- e-governance

ERP (Enterprise Resource Planning) Document

A college has a cloud based educational ERP software, named 'Campex', that enables us to manage admission process, student enrollment, students' attendance, leave applications of faculties, complaint booking on facilities and office accounts. online. It also generates transfer certificates and reports, etc to simplify the process. The software is developed in the college itself, making use of our own resources.

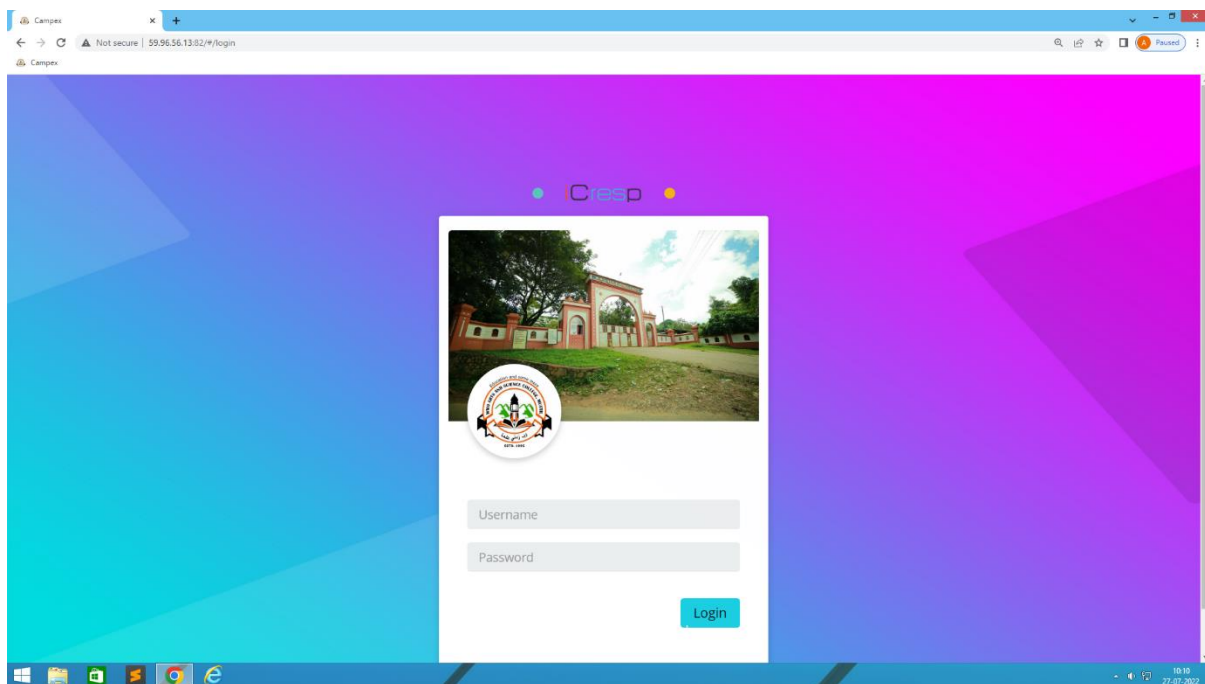

Figure-1: Campex Login Page.

WMO ARTS AND SCIENCE COLLEGE, MUTTIL

The screenshot displays the 'Paper Wise Attendance Report' interface in the iCresp system. The interface includes a navigation menu with options like Department, Teachers, Students, Attendance, Office, Admission, Accounting, and Settings. The main report area has several filters: Department (COMPUTER SCIENCE), Program (Bachelor of Computer Applicator), Batch (2020-2023 Batch), Scheme (2020 SCHEME), Semester (Fifth Semester), and Paper (Web Programming using PHP). A 'select Batch' button is visible. Below the filters is a table with columns for student numbers (1-31) and rows for student names. Each cell in the grid contains a green checkmark, indicating attendance. A red circular icon with a white '8' is located in the bottom right corner of the table area.
