In the implementation of specific cooperative programmes, a written agreement covering all relevant aspects, including funding and the obligations to be undertaken by each party, will be negotiated, mutually agreed upon, and formalised in writing, prior to the commencement of the programme.

Agree to the shared use of facilities, including classrooms, offices, and library facilities that reduces operating costs and promotes collaboration among students, faculty, staff, and community members for programme success.

Report of Memorandum of Understanding

It is much pleasure to furnish the activity report on the Memorandum of Understanding (MoU) between WMO College, Muttill and Sir Syed College, Thaliparamba. This report highlights the various activities undertaken during the collaboration period, including their objectives, outcomes, and impact on both institutions.

The activities between the two colleges began before the official agreement of the Memorandum of Understanding (MoU) between them. Since 2018, students from Sir Syed College have been visiting our college and department. These visits have facilitated the sharing of ideas and academic performances between the students and faculties of both departments. As a result, our students have been positively influenced and inclined to choose the Department of Arabic at Sir Syed College for their further studies. Additionally, we have had several instances where students who graduated from our college went on to complete their post-graduation from Sir Syed College, serving as a tangible example of the academic exchange between our two institutions.
