Alama

News letter of Department of Arabic, WMO College, Muttill 2018-2019

Message

I am very glad to know that

the department of Arabic propose to publish a report of their activities during the year 2018-19. The department has extended several activities for the students and public and I am sure the output has resulted very significant contribution to the academic and cultural development of the students. I wish all success and brilliant future to all students and staff of the department.

Dr. Muhammed Fareed
Principal

HoD's Note

It is a matter of great pleasure that the Department of Arabic issuing "Alama" in the fifth consecutive year which takes through the activities of the academic year 2018-2019.

The Department of Arabic has recorded consistent improvement in its academic and non-academic performance. It offers a range of innovatively designed programs in this academic year

Our experienced faculty are the strong pillars of the department whose focus is to empower a diverse community of students to nurture their capabilities, transform their lives and find success through teaching and learning, always guide the students about the enormous opportunities of Arabic Language in the globalised era. They also encourage students to learn more apart from their syllabus oriented learning.

The academic year was of an ever memorable one especially because it has illuminated and coloured the activity domain of the department with myriad programs. The international seminar conducted on "Cultural Exchange and Global Peace" was of significant importance. Dignitaries from Egypt and Afghanistan were the supreme attraction of it. The department has successfully issued an ISSN numbered magazine in addition to one printed and manuscript magazines. The placement of some alumni members in government services is an important milestone on the way forward. A ten minutes video on Arabic language covering by instilling in the minds the unique status of Arabic in the world language arena with a focus on the contribution of the department in the area was an emblem of immense creativity. Invited talks by scholars from noble institutions like Harvard University on different occasions and topics have strengthened and empowered the academics beyond imaginations.

I would like to extend my heartfelt gratitude to our Principal, Management Committee for their unwavering support and my colleagues for their unflinching assistance ever with remembering my students for their creative cooperation.

Najmuddeen P.
