

## Annual Report 2024-2025

### 1. Introduction

The Department of Computer Science came into existence in 1995, along with the inception of the College. In its initial stage, it was a minor department which had provided complementary courses for BSc Electronics and BSc Physics. Then, in 2013 Govt. of Kerala sanctioned an aided BCA course to the College and the department was upgraded to a major department. The sanctioned student strength was 24. Up to 2021 the course was running with the help of Guest faculties. In 2021 Govt. has created 4 more teaching posts in Computer science and 4 new permanent faculties were appointed in July 2021. Now There are 6 faculties and a Lab assistant in the department.

## **7. Bridge Courses**

A bridge course is a short, intensive program designed to help students transition between different levels of education or academic streams by bridging knowledge gaps and reinforcing foundational concepts. It is designed to help students transition from their previous education level to the requirements of a degree program. These courses are often offered before the start of a new academic year or semester, or before the commencement of a new course of study.

### **7.1 BASIC MATHEMATICS**

Duration: 15 Hours

#### **Introduction**

The department offers a bridge course in elementary mathematics for non-math background students. The main objective of this course is to bring non-math students comparable with those who had studied mathematics in 12<sup>th</sup> standard. This will help them to have a basic understanding of the mathematical concepts before the beginning of their regular classes. The classes were conducted from 19.08.24 to 30.08.24.

#### **Syllabus**

Set –Concept, methods of writing set and its elements, Subset, Basic Concepts in geometry : Point, line and plane, Coordinates of a point, distance between points. Polynomials : Degree of the polynomial, standard form, coefficient form of a Polynomial. Triangle :Types of triangle Equation in two variables: Concept of simultaneous equations and to find their solutions. Ratio and Proportion, Percentage. Simple interest, Compound interest.

### **7.2 INTRODUCTION TO FLOW CHARTING**

Duration: 15 Hours

#### **Introduction**

Understand the basics and usefulness of an algorithm, Analyse various algorithms, Understand a flowchart and its advantages and limitations, Steps involved in designing a program.

#### **Syllabus**

Introduction, Algorithms, Expressing Algorithms, Benefits of Using Algorithms, General Approaches in Algorithm Design, Analysis of Algorithms, Flowcharts, Advantages of Using Flowcharts, Limitations of Using Flowcharts, Developing Flowchart, When to Use Flowcharts, Flowchart Symbols & Guidelines, Types of Flowcharts

## **8. Remedial Classes**

Duration: 15 hours

Remedial classes are designed to support students who are struggling with the standard curriculum by addressing learning gaps and providing extra help in specific subjects. In the

email: [wmocollege@gmail.com](mailto:wmocollege@gmail.com)  
website: [www.wmocollege.ac.in](http://www.wmocollege.ac.in)

Computer Science department remedial classes were scheduled twice in the odd semester of the Academic year 2023-24. The first set of remedial classes were scheduled for I BCA from 2.12.2024 to 20.12.2024, for II BCA and III BCA from 19.8.2024 to 30.8.2024. Faculties clarified students' doubts during these classes.

The second set was scheduled before the semester examination from 01.3.2025 to 15.3.2025 for I BCA, 04.11.2024 to 11.11.2024 for the II BCA, III BCA students. Most of these remedial classes were conducted through peer learning. The teachers had identified advanced learners for peer teaching. The goal was to create a healthy peer, as well as to clear the doubts. The remedial classes through peer learning were conducted in the presence of the respective course teachers. Some teachers also conducted remedial classes by themselves to clear the doubts.

### **9.1. Reading day celebration**

The Department of Computer Science celebrated Reading Day on 20th June 2024 at the Computer Science Lab to promote reading habits and literary awareness among students. The event began with an introduction to the significance of Reading Day, commemorating the contributions of P.N. Panicker, the pioneer of the library movement in Kerala.

As part of the celebration, BCA 2nd year students Hanna Fathima and Hridya Kishan presented thoughtful book reviews. Hanna Fathima reviewed "*Kanunnathalla Kazhchakal*" by U. K. Kumaran, offering insights into its powerful social themes and literary depth. Hridya Kishan reviewed "*The Girl on the Train*" by Paula Hawkins, analyzing its gripping narrative and psychological complexity.

A total of 33 students participated actively in the session, engaging in discussion and sharing their views on reading as a tool for personal and academic growth. The program successfully encouraged students to cultivate a consistent reading habit.

## 9.2. Excellence honouring

The Department of Computer Science conducted an *Excellence Honouring* program on 20th June 2024 to recognize the academic achievements of meritorious students. The event was held at the Computer Science Lab, with 33 students participating. Faculty members appreciated the hard work and dedication of high-performing students and encouraged others to aim for excellence in academics and extracurricular activities. Selected students were honoured with certificates as a token of appreciation for their outstanding performance. The event served as a motivation for all students to strive for academic success and personal growth. It concluded with a note of thanks.

### 9.3. Expert Talk: An Introduction to Academic research

An expert talk was organized by the Department of Computer Science on 08th July 2024. The session was led by Mr. Sunny Joseph, who delivered an insightful talk on the topic *"An Introduction to Academic Research."* He highlighted the fundamentals of academic research, including problem identification, research methodology, literature review, and ethical practices. The session aimed to create awareness among students about the importance of research in academic and professional growth. A total of 31 students participated actively in the session. The talk was informative, engaging, and highly beneficial for students aspiring to pursue research.

## **9.4. Online Streaming – Generative AI Session**

**Date:** 11th July 2024

**Event:** State Conclave

**Number of Participants:** 28 Students

An informative and engaging session on **Online Streaming and Generative AI** was conducted on **11th July 2024** as part of the **State Conclave**. A total of **28 students** actively participated in the session.

The session focused on the evolving role of **Generative AI** in the context of **digital content creation and streaming platforms**. Key topics included AI-generated content, ethical implications, tools for creators, and the future of AI in media. Interactive discussions and demonstrations were part of the session, offering students hands-on exposure to emerging AI technologies.

## 9.5. Orientation Session – NPTEL Courses

**Date:** 12th July 2024

**Resource Person:** Ms. Sarardha S, Student, IISER Thiruvananthapuram

**Number of Participants:** 19 Students

An orientation session on NPTEL (National Programme on Technology Enhanced Learning) Courses was conducted on 12th July 2024. The session was led by Ms. Sarardha S, a student from IISER Thiruvananthapuram, who served as the resource person.

The orientation aimed to familiarize students with the structure, benefits, and registration process of NPTEL online courses. Ms. Sarardha provided valuable insights into how students can effectively utilize these courses for academic enhancement and career development. She also shared her personal experience as an NPTEL learner, offering tips on course selection, time management, and certification.

A total of 19 students participated in the session, which concluded with an interactive Q&A

segment where students clarified their doubts and expressed interest in enrolling in upcoming NPTEL courses.

The session was informative and motivated students to take advantage of the wide range of online learning opportunities available through the NPTEL platform.

## 9.6. Orientation programme on flutter

**Date:** 29.07.24

**Resource Person :** Mr. Rafi

**Number of Participants :** 45

**Flutter** is an open-source framework developed by **Google** for building high-performance, natively compiled applications for mobile, web, and desktop from a single codebase. The orientation session aimed to introduce participants to the fundamentals of Flutter, covering its core concepts, tools, and the overall development workflow.

The orientation was highly interactive and informative. Students actively participated and showed great enthusiasm to learn and explore Flutter.

### 9.7. Tech Mantra 3.1 launch(Talk 1) - Various Tech communities

Date : 24.09.24

Resource Persons: Mr.Ebin Shaji and team from GEC wayanad

Number of participants : 104

The Department of Computer Applications organized an insightful talk titled **"Tech Communities for BCA Students"**, aimed at encouraging students to actively participate in technology-based communities to enhance their skills and career prospects.

The resource persons delivered an engaging and motivational session focusing on the importance of joining tech communities such as Google Developer Student Clubs (GDSC), GitHub, CodeChef, and Flutter communities. The speaker highlighted how participation in such

## 9.8. Observance of mental health day

**Date :** 9.10.24

**Resource Person :** Ms. Anusree (Counselor Jeevani )

**Number of participants :** 39

To promote awareness about the importance of mental well-being, **World Mental Health Day** was observed at WMO Arts and Science College, Muttill, on **9th October [Year]**. The theme of the year, **"Mental Health is a Universal Human Right"**, was the central focus of the observance. The program aimed to create awareness among students and staff about mental health issues, reduce stigma, and encourage open discussions.

[illegible]

## **9.9. Association inauguration**

**Date :25.10.24**

**Resource Person :** Mr.Zuhair Ali - AI trainer,CEO SIRIUSEDU

**Number of Participants: 80**

The Department of Computer Applications successfully conducted the **BCA Association Inauguration** for the academic year. The event marked the official commencement of academic, co-curricular, and extracurricular activities under the BCA Association. The chief guest emphasized the importance of skill development, continuous learning, and staying updated with emerging technologies like Artificial Intelligence, Flutter, Cybersecurity, and Cloud Computing.

## 9.12. Professional Orientation -Trending Technologies in IT

On 6th December 2024, the Department of Computer Applications at WMO Arts and Science College conducted a professional orientation session on **Trending Technologies in IT**. The session was led by distinguished resource persons **Mr. Garil Michael** and **Mr. Afees C**, who shared valuable insights into emerging fields such as artificial intelligence, cloud computing, and cybersecurity. A total of **32 students** from the BCA department actively participated. The session helped students understand current industry trends and career opportunities, and encouraged them to pursue continuous learning. The program was informative, engaging, and well received by the participants.

### 9.13.Motivational Session – "Rediscover Yourself"

A motivational session titled **"Rediscover Yourself"** was conducted on **12th December 2024** for the students of the Department of Computer Applications. The session was led by the renowned speaker **Dr. Thomas George K**, faculty at **Leads College, Doni, Palakkad**.

The objective of the session was to inspire students to reflect on their personal strengths, overcome self-doubt, and develop a confident mindset for personal and academic growth. Dr. Thomas George's engaging and interactive approach captivated the audience, encouraging active participation and self-evaluation. He emphasized the importance of setting goals, building resilience, and maintaining a positive attitude in the face of challenges.

A total of **87 students** enthusiastically took part in the session, gaining valuable insights and motivation. The program was well appreciated by both students and faculty, and it significantly contributed to the personal development goals of the department.

### 9.14. Tezla Logo Launching

The Department of Computer Science at WMO Arts and Science College organized the **Tezla Logo Revealing** Launching on **12th December 2024** at the college seminar hall. **Tezla** is the department's annual flagship event, celebrating innovation, technology, and student talent.

The ceremony was graced by **Dr. Thomas George K**, distinguished academician from **Leads College, Doni, Palakkad**, who officially unveiled the logo. In his keynote address, Dr. Thomas emphasized the importance of branding academic events and how platforms like Tezla contribute to the holistic development of students by encouraging creativity, teamwork, and leadership.

The newly revealed logo reflects the energy and vision of Tezla as a student-driven tech fest. Faculty members and students from the department attended the event, marking the beginning of the countdown to Tezla 2024. The event concluded with great enthusiasm and a renewed sense of excitement among the students.

### **9.15. Gender Equality Session**

A session on **Gender Equality** was conducted on **16th December 2024** at WMO Arts and Science College, organized by the Department of Computer Applications. The session was led by **Mr. Abhijit U V** from **Mahindra Pride Classroom, Nandhi Foundation**. The resource person highlighted the importance of gender sensitivity, mutual respect, and inclusivity in both academic and professional environments. Through interactive discussions and real-life examples, the session encouraged students to reflect on stereotypes and unconscious biases. The program was well-received and played a vital role in promoting awareness and fostering an inclusive mindset among the participants.

## 19. Industrial Visit

Industrial visit is a part of curriculum for the development of students. It provides an insight into the internal working of companies. It helps in bridging the gap between mere classroom learning and the actual work conditions. These visits provide them with excellent practical knowledge. Also, students can interact with industry experts. Industrial visits fill the gap that is developed between theoretical knowledge and practical knowledge.
