**Syllabus of  
Bridge Course**

Academic Year: 2022 -2023

## About the Course:

Bridge courses can be considered as **supplementary knowledge** that can be provided to students to **impart basic knowledge** about the subjects. It is also can be considered as valuable information and a preparatory course that can be given to students to confer fundamental information about the subjects that will be educated. The main objective of the course is to bridge the gap between the students and subjects they joined. A bridge course may lead a person to ensure that he has a basic knowledge of the course that will guide him.

The designed syllabus will definitely useful to students to overcome the barriers for their scholastic career. This course serves our students as a cradle for the new path. Before beginning the main course, it will equip students with beneficial information in their further learning.

## Aim and Objectives

- To bridge the gap between the students and subject
- Give students the confidence to pursue with the course
- Providing the students with the necessary skills and knowledge about the topics that will be covered in their new courses.
- Establishing a stronger foundation in fundamentals of the topic
- This course gives more progress to students before the beginning of official classes.
- To overcome any barrier between subjects learned at the pre-college level and subjects they would concentrate on BA level.
- This Bridge course goes about as a cradle for the new passage
- This Bridge courses provide an adequate foundation in the course. Hence students do not face any difficulties when college programs begin. This course offers a superior growth stage for students to get themselves up before starting the first semester.
