## VIII The Mathematical Circle

The Mathematical Circle is a platform designed to experience the challenges and thrills of Mathematics. It helps students to pose and solve non-routine problems and do Recreational Mathematics. Students of Dept. of Mathematics are divided into groups, and they lead meetings of the Mathematical Circle performing various events like Exploring new mathematical ideas, Mathematical games and puzzles, short math quizzes, Math magics, problem contests, etc. A total of 7 online meetings and one offline meeting of the Circle were conducted during the year 2021-22.

## **IX Mathematical Problems Contests**

With the aim of motivating the students, Mathematics Problem Contests are conducted every month which is designed to challenge the students and bring the best in them to the fore. The problems are of a very different nature from the problems students usually encounter during their college curriculum. Winners are honoured with prizes during the meetings of the Mathematical Circle. During the lockdown period, 22 online Mathematical Problems Contests were conducted by Teachers, Alumni, and students.

## **X Ability Enhancement programme**

To enhance the abilities of postgraduate students, a series of presentations were conducted during December 6-7, 2021. Eighteen students presented on various topics and it could develop their analytical, communication, and presentation skills and build their confidence. The presentations were interactive with students and teachers asking questions. The presentations had a positive impact on the students as they provided an opportunity to showcase their talents and skills. Students submitted reports of their presentations and necessary suggestions were put forward by concerned faculty to improve their quality of writing.
