Policy Document: Inclusive Support for Disabled Students

Objective: This policy aims to establish an inclusive and supportive environment for disabled students within the college campus. By implementing comprehensive measures, the college aims to ensure that disabled students can fully participate in academic, social, and extracurricular activities without hindrance.

1. Accessibility: The college is committed to providing an accessible environment for all students. To achieve this objective:

- Ramp facilities have been installed on all floors of the college building to ensure easy mobility for students with physical disabilities.
- All classrooms, laboratories, and common areas are designed to be wheelchair accessible and barrier-free.

2. Examination Support: In order to ensure that disabled students have an equal opportunity to excel academically, the college provides the following examination support:

- Scribe facilities are available for disabled students during examinations, ensuring that they have the assistance needed to write exams.
- Additional time is allocated as needed to accommodate any extra time requirements for disabled students during exams.

3. Washroom Facilities: The college recognizes the importance of maintaining the dignity and comfort of all students, including those with disabilities. To fulfil this commitment:

- Separate washrooms equipped with disabled-friendly amenities are available to cater to the needs of disabled students.

4. Sensitization and Training: Creating a respectful and inclusive environment is paramount to the college's values. To foster an atmosphere of empathy and support:

- Regular sensitization sessions are conducted for both staff and students to raise awareness about disability-related issues and challenges.
- Training is provided to staff on how to assist and interact with disabled students in a respectful and considerate manner.

5. Continuous Improvement: The college is committed to ongoing improvement of its policies and practices related to disabled students:

- Regular assessments are conducted to evaluate the effectiveness of existing measures and identify areas for enhancement.

By adhering to these policies and guidelines, the college aims to create a campus environment where disabled students can thrive academically, socially, and personally. The college consistently strives to foster inclusivity, equality, and diversity within the campus community through collective efforts.
