1. ICT Facilities enabled in the Department

Faculty members in the department use a variety of ICT facilities to enhance teaching, learning, and communication to create a more engaging and interactive classroom experience and collaborate on academic activities. Faculty members make use of online platforms like Google Classroom, Google Meet, YouTube, Teach Mint, and Telegram to communicate effectively with students and provide personalized and collaborative learning experiences. One classroom of the department is a smart classroom with UPS backup and Internet connectivity.

2. E-Contents developed

Department of Mathematics developed multimedia content including Video lectures, Recorded videos of webinars, Quizzes, Lecture notes, etc., to supplement and enhance traditional teaching methods. A total of 180 YouTube videos were created during the year 2020-21

YouTube Channels

4. Webinars

Students and teachers of the department participated in several webinars, workshops, and conferences during the year 2020-21 through online platforms. Ms. Arathi Anil of II BSc Mathematics presented a paper entitled 'Impact of Covid-19 on Tourism and related sectors in the CSIR-sponsored International Conference on 'Statistical Machine Learning and Its Applications organized by Dept. of Statistics, W M O College.

5. Ability Enhancement programme

To enhance the abilities of postgraduate students, a series of presentations were conducted online in April 2021. 17 students presented on various topics, and it could develop their analytical, communication, and presentation skills and build their confidence. The presentations were interactive with students and teachers asking questions.

6. National Mathematics Day Celebrations (Magma -2020)

The National Mathematics Day celebrations (MAGMA- 2020) were conducted using online platforms on 22-12-2020. Ms. Viji C B, Assistant Professor, Maharajas College, Ernakulam, who is also an alumnus of our college inaugurated the program. The Programmes included Exploratory talks, Slide presentations, quizzes, and Mathematical games poster presentations.

7. The Mathematical Circle

Students of Dept. of Mathematics were divided into groups, and they lead meetings of the Mathematical Circle through online platforms performing various events like Exploring new mathematical ideas, Mathematical games and puzzles, short math quizzes, Math magics, problem contests, etc. A total of 9 meetings of the Circle were conducted during the year 2020-21. The topics discussed in the Mathematical Circle were according to the syllabus of the Certificate course in 'Recreational Mathematics' designed in the department.

REPORT OF MATHEMATICS CIRCLE

Programme co-ordinator: Arathi Anil
Programme members : Aneeza Fathima
Alshifa Masriya
Mubeena A
Nesla Farmina
Shadiya Sherin
Muhammed Ashif U

Google meet
Date: 18-02-2021
Time: 7:25pm

Google meet link : <https://meet.google.com/upm-qitq-pyx>

A meet was conducted on behalf of Mathematics circle on 18-02-2021. Alshifa Masriya presented a PowerPoint on "Mathematics in India" during the circle meet . She spoke on the emergence of mathematics in India and about the contributions of some scholars . She explained about the origin of zero ,negative numbers, arithmetic, algebra and trigonometry and how these mathematical concepts contributed to the development of now forms of mathematics and laid foundations to many areas of mathematics . Besides, she described about some of the ancient mathematics works.

Fact is an occurrence in the real world. Shadiya Sherin presented a few mathematical facts. If we write a number in English, it shows some peculiarities. She first mentioned some interesting facts in the letters. Then she explained about the Pythagorean constant. Then she spoke on the importance of international Pi Day. Aneeza Fathima conducted a quiz through Google form. The questions included logical, arithmetical, and historical types. A puzzle is a game, or a problem or a toy that tests a person's ingenuity of knowledge. Nesla Farmina presented some logical puzzles. The participants came up with solutions and that was a fruitful interaction. The questions and answers were presented as a video. Her presentation lasted for 5 minutes. Everyone participated in the puzzle and the answer was displayed or commented in the comment box. Mubeena A presented some mathematical games . There were 5 questions and all responded actively to those questions through meet chat box. The questions were mathematical, funny and tricky. It was appreciated by the participants. There were a total of 99 participants in the circle meet.

Arathi Anil

**ONLINE MEETING OF THE MATHEMATICAL
CIRCLE DURING COVID PANDEMIC**

Date : 26-02-2021

Time : 7:30 pm – 8:45pm

Team : 1st Semester Maths Ninjas

Platform : Google Meet

Link : <https://meet.google.com/kdr-xjsd-cpp>

Members : Vivek M, Sona Saji, Mufeeda Rumana, Arya V M,
Shamila K K, Anumina S C, Rabeeba Faleela A S.

Report :

A meet was conducted on behalf of mathematics circle on 26-02-2021. Welcome Speech was given by Vivek . Sona presented a powerpoint on German Mathematician 'Carl Friedrich Gauss'. She explained about Carl's contributions to mathematical field. Shamila had spoke on 'Catalan Numbers'. She explained about the history, properties, applications, etc., on Catalan numbers with the powerpoint. Mathematical games help a person to increase their intelligence. Mufeeda presented some mathematical games. Facts are the occurances in real world. Arya presented a few mathematical facts. To improve one's knowledge, math quiz has great impact. Arunima conducted a quiz on mathematics. Rabeeba presented a powerpoint about the famous Mathematician "Shakuntala Devi - The Human Calculator". She explained about her contributions to mathematics. Most of the students had participated in games and quiz which makes the circle more interesting. A few minutes are spent for the review of the circle meet. Finally, circle comes to an end with the vote of thanks by Vivek .

1. Programme poster, Video presentations, Slides and Images.

2. Conducted on 20/03/2021, Saturday at 7.30 pm through google meet platform.

PROGRAMME REPORT:

- The mathematics circle by team MATINS began with a welcome speech by Irfan Ashraf. He was the host and coordinator of the circle. He enlightened us with the importance of mathematics in the contemporary world.
- Rifah presented the most relevant mathematics news with the help of a powerpoint presentation. The presentation took about 10 minutes. She began with the question What's happening in the world of mathematics. The main headlines included Cybersecurity Pioneers Win the Abel Prize, The Ramanujan machine, New solution for 'SUM OF CUBES' discovered and Mathematician suggests a scheme for solving telegraph equations. The powerpoint presentation was rather attractive and informative, making the audience read and understand the news topic.
- We all have days when we run late to lectures. But did it do us any good? Muhammed Labeeb told an inspirational story about a young boy who solved two open problems in statistical theory which he had mistaken for homework after arriving late to a lecture. If he had been on time the problem might still be unsolved and he might not become the great mathematician George Dantzig.
- Farhana presented about the topic digital roots. The digital root or digital sum of a non-negative integer is the single-digit value obtained by an iterative process of summing digits, on each iteration using the result from the previous iteration to compute the digit sum. The process continues until a single-digit number is reached.
- A puzzle is a game, problem, or toy that tests a person's ingenuity or knowledge. In a puzzle, the solver is expected to put pieces together in a logical way, in order to arrive at the correct or fun solution of the puzzle. There are different genres of puzzles, such as crossword

DEPARTMENT OF MATHEMATICS WMO ARTS & SCIENCE COLLEGE

04936-207532 (Principal)

e-mail : wmo college@gmail.com

website: WWW.wmo college.ac.in

puzzles, word-search puzzles, number puzzles, relational puzzles, and logic puzzles. Mathematical puzzles make up an integral part of recreational mathematics. Shamna came up with picture puzzle and number puzzles. It was quite a fun game. It was rather refreshing and enjoyable. Everyone present in the meet responded and interacted with her. She showed certain pictures and asked us to identify the hidden numbers.

- Conjectures pave the way to set up theorems. Hasna presented about "conjectures in mathematics". She explained about what is meant by conjectures, importance of conjectures in mathematics and also described two famous conjectures in mathematics, the Christian goldbach conjecture and collatz conjecture. Both are simple but remain unsolved because either the math and technology doesn't exist yet or some connection between current fields has not been established. It was quite an informative session.

- Entertainment is a form of activity that holds the attention and interest of an audience or gives pleasure and delight. It can be an idea or a task. Our team organized a tongue twister event and many students as well as teachers participated in it.

- Aiswarya elaborated on the topic of Ptolemy's theorem.

Ptolemy's theorem: For a cyclic quadrilateral (that is, a quadrilateral inscribed in a circle), the product of the diagonals equals the sum of the products of the opposite sides. $AC \cdot BD = AB \cdot CD + AD \cdot BC$.

We can also prove the Pythagoras theorem using Ptolemy's theorem. She showed various proofs along with diagrams.

- Then a quiz was conducted by Farhana. It was conducted via google form with a 10 minute duration.

- Meanwhile entertainment programs were conducted such as songs, recitation etc.

- Then Farhana announced the winners. Basil eldho (3rd year maths) got 1st position by scoring 13 points and rahila (1st year maths) got the 2nd position by scoring 11 points. And finally Irfan concluded with a vote of thanks and invited students and teachers for feedback.

- The circle meet took about one and half hours to conclude.

8. Manuscript magazine

Students of the department bring out manuscript magazines every year from 2010 onwards. Due to the pandemic induced situation, the magazine for the year 2020-21 'വസന്തം ഇങ്ങനെയായാൽ പൂക്കളോട് പോലും ഞങ്ങൾ കലഹിച്ചു പോകും' was published as E-magazine on 5-8-2021. Sri Kalpetta Narayanan released the E-Magazine and delivered the inaugural address. Mr Ajnas P and Ms Anu K Basheer are the student editors of the magazine for the year 2020-21.

9. Mathematical Problems Contests

With the aim of motivating the students, Mathematics Problem Contests are conducted every month which is designed to challenge the students and bring the best in them to the fore. The problems are of a very different nature from the problems students usually encounter during their college curriculum. During the lockdown period, 22 online Mathematical Problems Contests were conducted using online platforms. Students, Teachers, and Alumni of the department took turns organizing the contests. Prizes were sponsored by Teachers and Alumni. Sarang M J , Rashid A, Sajin Gopi, Basil Eldho, Saneesh Babu, Vishnu P V, Akhil Joseph, Rishana, Muhammed Sahal O T, Joseph Joy, Farseena E K and Deepthi were the winners.

10. Students' Presentations

As part of imparting **Certificate Course on Recreational Mathematics**, student presentations were conducted through Google Meet. The talks were on exploratory topics in mathematics.

11. Association Activities

1. Various cultural programs and competitions (**Virtual Onam 2020**) were conducted as part of Onam celebrations through online platforms during August 2020. The program included Cartoon making competition, Mathematical flower carpet competition, Diary of Mahabali, Penning the Experiences of Covid-19, etc.

3. A Farewell **meet** was organized by second year students on 9-4-2021. Students and teachers shared their memories, and some cultural events were carried out.

12. Students Initiative for JAM/NET coaching

During the lockdown period due to Covid pandemic, undergraduate and postgraduate students of mathematics formed WhatsApp and Telegram groups to prepare for competitive examinations and held active discussions. Students and teachers posted problems in the groups and conducted practice tests. Vishakh K R of II MSc Mathematics qualified UGC_CSIR NET second time during his course of study.

13. Achievements of students

Students participated in various intercollegiate events and won many prizes. The following are some of the achievements of students during 2020-21.

1. Vishakh T R secured 7th rank in the MSc Mathematics Programme of the University of Calicut in 2021

2. Vishak T R, II MSc Mathematics qualified CSIR-UGC NET conducted during November 2020. (He has also qualified for CSIR-UGC NET conducted in December 2019)
3. Rahila K K, I BSc Mathematics won the first prize in the District level Power Quiz competition conducted by KSEB Officers Association on 27-11-2020.
4. Rahila K K, II BSc Mathematics won first prize in the National level online Mathematics Quiz conducted by Nirmala Memorial College of Commerce and Science, Mumbai on July 23, 2021.
5. Rahila K K , II BSc Mathematics won first prize for the National level Quiz conducted by P N Panicker Foundation on 19-6-2021, in collaboration with NITI Ayog, Ministry of Education, National Digital Library of India.
6. Rahila K K, II BSc Mathematics won First prize and cash award for Intercollegiate Mathematics Quiz conducted by Assumption College, Changanacherry on 19 - 8 – 2021.
7. Ayisha Liya, II BSc Mathematics won third prize for Hindi elocution conducted by the Department of Hindi in connection with Hindi day celebration on 15/9/2020
8. Arathi Anil, I BSc Mathematics won third prize in 'The one in books competition' conducted by Department of Computer Science on 26-6-2021.
9. Rahila K K, I BSc Mathematics won first prize for Quiz competition in connection with World Environmental day at W M O College, Muttil.
10. Rahila K K, I BSc Mathematics was selected as the Pounce champion in the State level Power Quiz competition conducted by the KSEB officers Association on 28-12-2020.
11. Rahila K K, I BSc Mathematics won first prize in the Mathematics Quiz conducted by Malabar Christian College, Kozhikode on 9-1-2021.
12. Rahila K K, I BSc Mathematics won first prize & Athira Pradeep III BSc Mathematics won third prize for Quiz competition conducted by the Department of Economics in connection with international book day on 23-4-2021.

3	E-Content Developed
4	Laboratory Courses
5	Learning Management System
6	Industrial Visit
7	Virtual Internship
8	Webinars
9	Student Projects
10	Achievements of the students in curricular and extracurricular activities
11	ncc details
12	NSS Certificate achievements

1. ICT facilities available in the department

The Department of Computer Science often places a strong emphasis on ICT infrastructure to provide an enriched learning experience for students. Here are some examples of ICT facilities that could be available in a well-equipped Department of Computer Science:

Computer Labs: Well-equipped computer labs with modern desktop computers or laptops where students can work on programming assignments, conduct experiments, and develop software projects.

High-Speed Internet: Access to a reliable and fast internet connection, which is essential for research, accessing online resources, and collaborating with peers.

Software and Development Tools: A wide range of software and development tools relevant to computer science, including programming languages, integrated development environments (IDEs), and debugging tools.

Servers and Cloud Infrastructure: The department may have dedicated servers and cloud infrastructure for hosting student projects, running simulations, and conducting experiments involving large-scale data processing.

Networking and Security Infrastructure: Facilities for studying and experimenting with networking technologies, network protocols, and security measures, including routers, switches, and firewall configurations.

Collaboration Tools: Online collaboration platforms, version control systems (e.g., Git), and project management tools to facilitate teamwork and group projects.

Specialized Hardware: Depending on the department's focus areas, there may be specialized hardware available for students to work on topics like robotics, artificial intelligence, machine learning, or computer vision.

Audio-Visual Equipment: Multimedia equipment, such as projectors, screens, and audio systems, for delivering lectures, conducting presentations, and organizing seminars or workshops.

Sl. No	Item	Quantity	Remarks

4. Laboratory Courses:

As a computer science department, we have decided to introduce a variety of programming labs in our smart lab. These labs are designed to provide hands-on experience and practical application of various programming concepts and technologies. Here are some examples of programming labs you can consider:

Sl. No	Program	
1	HTML	
2	Java Programming	
3	Android Programming	
4	Shell Programming	
5	Web Programming using PHP	
6	DBMS Programming using SQL	
7	C Programming	

5.Learning Management System:

The department is promoting blended learning by incorporating an LMS such as Google Classroom. Blended learning combines traditional face-to-face instruction with online learning activities, providing students with a more flexible and interactive learning experience.

Sl. No	Name of Teacher	LMS Platform
1	Suma . N	Google Class Room
2	Rasheed. N K	Google Class Room, Youtube
3	Sangeetha Mary	Google Class Room, Youtube
4	Sanila Satheesh	Google Class Room

5	Vijitha C S	Google Class Room
6	Abdul Muhaimin	Google Class Room, Youtube
7	Johnson A J	Google Class Room

6. Industrial Visit:

That's unfortunate that the industrial visit for final year students couldn't take place in 2020-21 due to the COVID-19 pandemic. The pandemic has had a significant impact on various activities and events worldwide.

7. Virtual Internship:

The department conducted virtual internships for the final year students in response to the COVID-19 pandemic. Virtual internships have become a popular alternative to traditional in-person internships, allowing students to gain valuable industry experience remotely.

Virtual internships offer several benefits, such as the flexibility to work from home, reduced travel and accommodation costs, and the opportunity to work with companies from different geographical locations. While they may not provide the exact same experience as an in-person internship, virtual internships still offer valuable learning opportunities, professional development, and a chance to apply theoretical knowledge to real-world projects.

During the virtual internship, it likely had the opportunity to work on projects assigned by the company, collaborate with colleagues remotely, and gain insights into industry practices. Our final year students were able to attend internships in various software companies based in Calicut. Internships are a valuable opportunity for students to apply their knowledge and skills in a real-world work setting, gain industry experience, and build professional networks.

By interning at software companies in Calicut, the students likely had the chance to work on projects related to software development, programming, testing, or other areas within the software industry. This hands-on experience allows them to understand the practical aspects of their field, learn from experienced professionals, and contribute to real-world projects.

Overall, interning at software companies in Calicut is a fantastic opportunity for final year students to gain practical exposure and prepare themselves for a successful career in the software industry.

8. Webinars:

Sl. No	Title of the Event	Type of the Event (Workshop/Seminar/invited Talk)	Date	Resource Person	International /National/ State/ District/University /College	Target Audience	No. of Participants
1	Recent Trends in Technology	Seminar	26.08.2020	Mr. Anoop Wilson Cheruvathoor, Devops Leader, Bangalore	State	Students	72
2	IOT	Seminar	27.02.21	Jaseel Muhammed, Innovator, FoxLAB	State	Students	60
3	Milestone to S/w Development Career	Seminar	26.03.21	Mr. Joy Sebastian, CEO, Techentsia	State	Student	75

9.Student Projects:

Sl. No	Title	Supervisor	No. of Students	Name of Students
1	E Book Management System	Rasheed N K	04	Jiyad Ahammed, Afthash. K.K, Rahul Kumar. K.R, Arshitha. K.T
2	Detection of Liver cancer using Image Processing	Sangeetha Mary	04	Sujin Babu. P.S, Malik Yad, Rahnas V, Adarsh V
3	I Book	Sanila Satheesh	04	Muhammed Aflah, Arjun K.B, Anju Augustine, Lubluba C K

Report on student centric methods, such as experimental learning, participative learning and problem-solving methodologies are used for enhancing learning experiences using ICT tools 2020-2021

CONTENTS

1	ICT facilities available in the department
2	Students project
3	Students seminar
4	Field Surveys
5	Seminar
6	Group discussion
7	Debate
8	Skill development Programme
9	Assignment
10	Quiz
11	Students manuscript Magazine
12	Cooperative Week
13	NCC/NSS

1. ICT facilities available in the department

The department is rich in ICT enabled infrastructure for enhancing the learning experience of the students. one class room of the department is smart class.

List of facilities available

Sl.No	Item	Quantity
1	Smart class room	01
2	Computer	02
3	Printer and Scanner	01
4	Projector	02
5	WiFi-	Available

2. Students projects

6. STUDY TOUR

The Department conducted a study tour program for MA English students. The tour was an environment friendly trip to Munnar and Ramakkalmedu just in order to inculcate the values and importance of nature. This study tour was also associated with the audit course of the students titled "Environmental Studies". 22 students participated in the tour.

7. PAPER PRESENTATIONS:

The Department conducted a paper presentation for MA students by the end of each week of the academic year. Accordingly students prepared and presented papers including various topics. A discussion session is also given after the presentation for the discussion from the audience regarding the topic.

Report on student-centric methods, such as experiential learning, participative learning, and problem-solving methodologies, are used to enhance learning experiences using ICT tools.

2020-21

The University's teaching methodology focuses on imparting education through a student-centric approach. This methodology helps transform students from being relegated to passive recipients to active and involved stakeholders, apart from boosting their confidence and encouraging independence. Since students vary in their ability to comprehend and absorb it is not possible to address the needs and expectations of individual students and expect a uniform learning outcome from them all in a teacher-centric class. The teacher facilitates learning by allowing each individual student to comprehend at their personal level by ensuring their involvement in class activities so that they can absorb and grasp information at their own pace.

1. ICT facilities in the department

The department has policies and mechanisms in place for promoting the application of Information and Communication Technology for effective curriculum delivery. To support it Teaching Learning resources provided are adequate and ICT compatible.

The teachers use various educational technologies to support classroom teaching.

In 2020-21, teachers mainly used ICT technologies to deliver regular lectures.

3. Webinars

- An expert talk was conducted on 26th March 2021 by Mr. Manu P M (SEBI- Financial Education Trainer) on the topic "Financial Education".

4. Student Seminar

The department is conducting seminars for all subjects every semester. It is a criterion for awarding internal marks under Calicut University. Seminars help the students to learn more about a certain topic or subject. Seminars usually involve presentations, discussions, and interactive activities that help attendees get more knowledgeable.

5. Assignments

Teachers in the department are used to giving at least one assignment in each course as part of the curriculum. An assignment is a piece of academic work or task. It provides an opportunity for students to learn, practice and demonstrate they have achieved their learning goals. It provides evidence for the teacher that the students have achieved their goals.

6. Student Progression

Sl.No	Name of the student	Programme From which promoted	New programme	Institute/ University/ college
1	Mohammed Naseem	M.Com		Hindusthan College of Arts and Science, Coimbatore
2	Nivin Vishnu	MBA		LEAD College of Management
3	Muhammed Ashkar A	MBA		Pondichery University
4	Safa Abdul Naser	MBA		Farook Institute of Management

				Studies,Calicut
5	Nahna Fathima	MBA		Farook Institute of Management Studies,Calicut
6	Ziya Beevi	MBA		Farook Institute of Management Studies,Calicut

7. Mock Interviews

A mock interview has been conducted every year by the department for the final year students that helps students to learn how to answer questions related to their project. This process also helps in developing interview strategies, improving communication skills, and reducing stress before an actual job interview.

8. Student Feedback System

Sl No	Feedback/Focal Points	Actions Taken
1	Support for improving the basics of accounting	Conducted bridge course for the first semester UG students on basics of accounting
2	Difficulty to learn some courses was pointed out	Remedial classes on certain courses were conducted
3	The need for career guidance was insisted	Career guidance and placement cell in the college conducted orientation programs on various opportunities

3. Competition details

The department has always believed in fostering a healthy competitive spirit and providing an unparalleled learning experience to its students. In line with this vision, it organized a myriad of competitions such as interdepartmental collage making, anchoring, and face painting contests, among others. These events not only served as a platform for students to showcase their talent and creativity, but also instilled in them a sense of healthy competition and a zeal for excellence.

5.Details of E Contents 2020-21

Undoubtedly, e-content has emerged as a potent tool in the realm of education, catering to the needs of both learners and teachers across individual instruction systems. Keeping this in mind, all the faculties of the department diligently created e-contents and made them available to the students. Given the unprecedented circumstances of the Covid pandemic, where offline classes were canceled, these e-contents proved to be even more valuable to the students in enhancing their learning experience.

1. INTERNSHIPS

The final placement is for one month continuously in an agency setting of students' fields of interest. The block placement is looked upon as the final stage towards becoming professional. The students are expected to perform all activities as a full time professional. The main objectives of the final block placement are as follows:

1. This placement is meant to give opportunity to work as professional social workers and take up individual assignment and responsibility.
2. The focus is on 'integrated social work practice' wherein student is expected to practice adaptively all the methods and skills with the expected attitudinal disposition; task will depend on the agency and student initiative.
3. It is an internship to facilitate the transition from academic to work life.

During the academic year a total number of fifteen MSW students were successfully completed their internships according to the specialization chosen in various settings.

DEPARTMENT OF SOCIAL WORK

FOURTH SEMESTER BLOCK PLACEMENT - 2021

Dear Students,

As part of MSW curriculum, Block Field work (SOW 4 L 05) is considered as a course paper doing according to specialization in Social Work. It is the one month internship to facilitate the transition from academic to work life. The agency chosen by you all must enhance independent practice and opportunities for competency.

Here, the Department of Social Work is decided to **commence the block field work** for the batch 2019-2021 on **September 06th, 2021** (Monday). You will be provided with necessary documents for the block field from the department. The assessment of block field work will be based on reports and viva voce, therefore you must follow the procedure of field work accordingly.

You are requesting to collect evaluation form, attendance sheet and letter to agency on 04.09.2021.

Best wishes for your final field exposure in MSW course.

Sincerely,

SUHAN SHIHAB

FIELD COORDINATOR – IN CHARGE

" Kaala " : A session on dalith movements in india

Muttill: An online session was organized by social work students of WMO Arts and Science College based on dalith movements in india. The session was titled "Kala ". Research scholar and renowned ambedkarite activist dhinu veyil spoke on the topic. The discussion opined that it is the responsibility of the respective students to recollect the history of dalits and study the dalith political sides with contemporary relevance. The session completely helps to understand the losted and concealed history of dalith movements in india. the session gave an overview of dalits activism in the time of 1847 war, kallumala struggle, villuvandi samaram channar riot, vadayambadi struggle, jharkhand dalith movement, periyor and ambedkar thoughts etc. And got a overview on particular subjects. after the session everybody got a chance to clarify their queries on subject. Approximately 67 students and other academic enthusiasts were participated from kerala. Student Coordinator Abdul Basith moderated the session, and Student Representative Anagha pd addressed the session. shakira ph delivered vote of thanks. All department staff attended the session.

INSIGHT

" Understanding the Opportunity of Differently Abled persons".

On 17/05/2021 social work students of WMO Arts and Science college Muttill , Wayanad conducted an online discussion about the opportunities of Differently abled. The session was start at 7:30 pm to 9.00pm through Google meet.

The session was start with the welcoming speech by Ms. Meenumol K. V (MSW student). After the welcoming the session started. The session had been two Section. First section held by Ms. Fathima Selva P (Special B.ED (ID) Scholar) , She talked about ,who is Differently abled, Types of disability .

The second session held by Shamsudheen Kp (Project Assistant, ASLAP RPWD, National institute of Speech &Hearing Trivandrum. The session was talked about the problems of Differently abled, opportunities of the Disabled and the current situation of the society towards differently abled. After that students are clarified there doubts.

After the section Mr. Jasir T (MSW student) Concluded the session by delivering vote of thanks.

7. CAMPS/ FIELD SURVEYS

The below shown are the samples and highlighted part of the report attachments of the rural community sensitization camp for the academic year 2020-2021:

DEPARTMENT OF SOCIAL WORK

KAVATH 2021

RURAL CAMP REPORT SUMMARY

WMO Arts and Science College, Muttil

OBJECTIVES

- To provide occasions for experiential learning about rural people, rural life and

Rural areas

- To give a taste of manual labor and hard life to students
- To learn through interaction with the local community
- To promote interaction among students
- To promote interaction among teachers and students
- To provide a first-hand experience in participatory planning, coordination and

Management of a program

- To provide students opportunities for creativity
- To acquire a method of reflective and analytical learning

ACTIVITIES DONE

As per MSW curriculum social work students decided to conduct 7 days rural camp from 4th April 2021 to 10th April 2021 with following all the rules and r. Trainees were said to decide some plot for camp, then with the permission of department and college trainees visited 4 places as part of pilot study. At first trainees selected two coordinators among us. Then trainees were divided into 4 groups for the pilot study. The places are, Panavalli, Chekadi, Appapaara and Chooralmala (Attamala). After the visit trainees and faculties evaluated the relevance of camp in each place and selected the camp site Mundakkay, Chooralmala.

As the first step towards the camp, trainees suggested a name for the camp "KAVATH" 2021"because the community for trainees were plantation workers. Camp days. Food committee listed the food items, and collected all for 7 days.

Pre camp planning

Trainees were given a wide chance of taking up responsibilities with leadership, before going to camp, trainees has to prepare a lot of thing

- Selected the committee for the camp as core committee and daily committees (Food committee, Finance committee, Documentation committee and Program committee).
- The permission seeking process from the health department, Police department and the forest department.

Activities done in camp

Rural camp help student self-dependent, capable and rural life exposure so this camp experience can change many perspectives of life.

First day of rural camp, 4th April 2021 (Sunday), trainees reached Chooralmala town at 10 Am. Then arranged a flash mob for making an awareness about the camp. Trainees distributed the notices in shops and all others. Then started the rally to the camp site, Mundakkay L P School.

- Trainees assembled at the Mundakkay L P school premises in the early morning to clean the school, especially kitchen and class rooms.
- Trainees had involved in informing the program so some of the trainees went to paddies for the inviting the community near.

- Trainees conducted an inauguration ceremony which was done by Mr. Aravind, the manager of Harrisons Malayalam tea factory.

Welcome speech delivered by Camp coordinator Fasma V.V. Presidential address by Mr. Abdul Nizar, faculty in department of social work. Felicitation by Mrs. Suhan Shihab and Mr. Ahammed Munavvir, HOD of the department. Vote of thanks by Sufiyan TK.

Second day, rural camp trainees decided to clean the school and surroundings.

- Trainees were divided into 2 groups by the day coordinators and started their duties.
- The group of four were sent to collect the wood for the food preparation.
- Trainees went to paddies for inviting the community people.
- Conducted cultural program

Third day, some trainees left to cast their vote. So, there are few members in camp.

- The trainees left to clean the paddy and collected all the plastic wastes
- Cultural program was started at 7 Pm.

Fourth day, rural camp trainees decided to clean Attamala town.

- Trainees were gathered in the school hall divided into two groups and started their duties.
- The shop keepers and local peoples supported the active workers.so the trainees could complete the market cleaning work in a better way.

Over all learnings

- Trainees learned how to build rapport between the local people.
- Trainees learned to conduct a program successfully.
- Trainees learned to assign an area to each group that would be easy and fast to complete the tasks.
- Trainees learned according to time how to manage daily work.
- Trainees learned that all works should be done to enjoy that is a way of successful program.
- Trainees learned cooking food.
- Trainees are learned that proper communication is must need for accomplish a program and tasks successfully.
- Trainees learned many types of entertaining games, programs from the theater camp.
- Trainees are played coordinators role. From Learned to that proper communication skill, and commanding power etc must be need for a good leader.
- Trainees learned critically evaluating activities.
- Trainees learned to collect resources naturally for different purpose.
- Trainees learned to help and care people who face crisis.
- Trainees learned to manage to create task which has all requirements.

- The Trainee observed that more people were leaving their job for the safety of their job.
- The Trainee observed that some kind of peoples did not aware about DMHP
- The Trainee observed how important this tele counselling from patient behavior.
- The Trainee observed that covid 19 recovered patients there is a rare chance in shown post covid syndromes.
- The Trainee observed that patients have physical problems that are psychological problems.
- The Trainee observed that covid situation influences the person's thoughts and feelings.

LEARNINGS

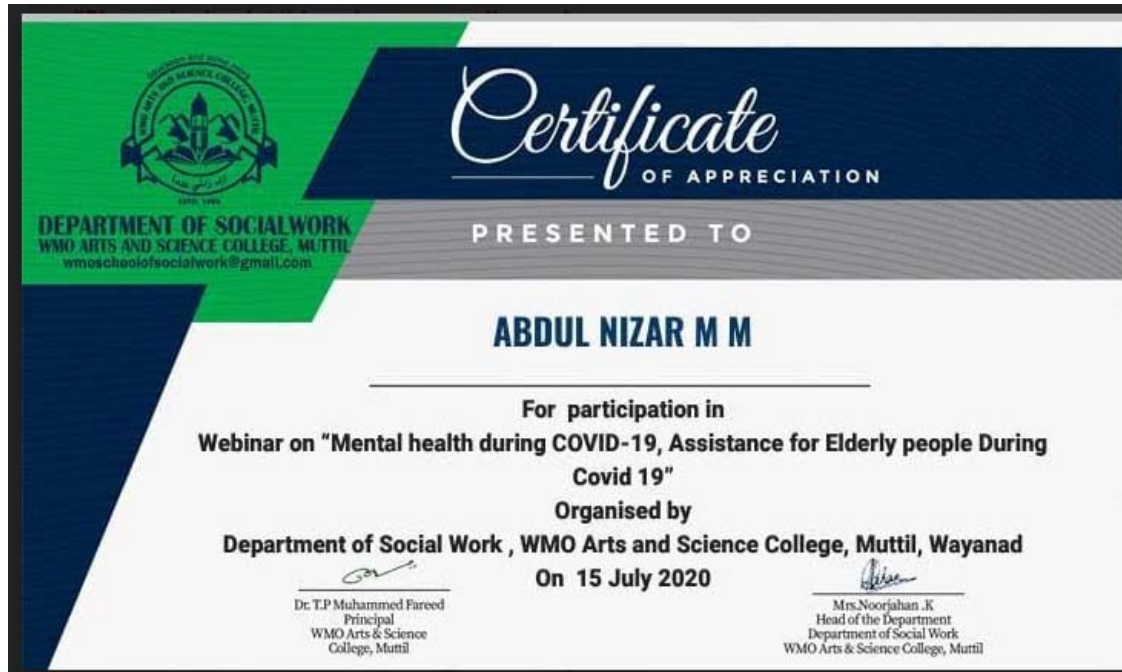

- The Trainee learned about how to communicate properly to clients through phone
- The Trainee learned about attentive listening and active listening
- The Trainee learned about acceptance of another person

You can't send messages to this group because you're no longer a participant.

8. TEACHERS PARTICIPATED IN FDP

DEPARTMENT OF SOCIALWORK
WMO ARTS AND SCIENCE COLLEGE, MUTTIL

Certificate

OF APPRECIATION

PRESENTED TO

ABDUL NIZAR M M

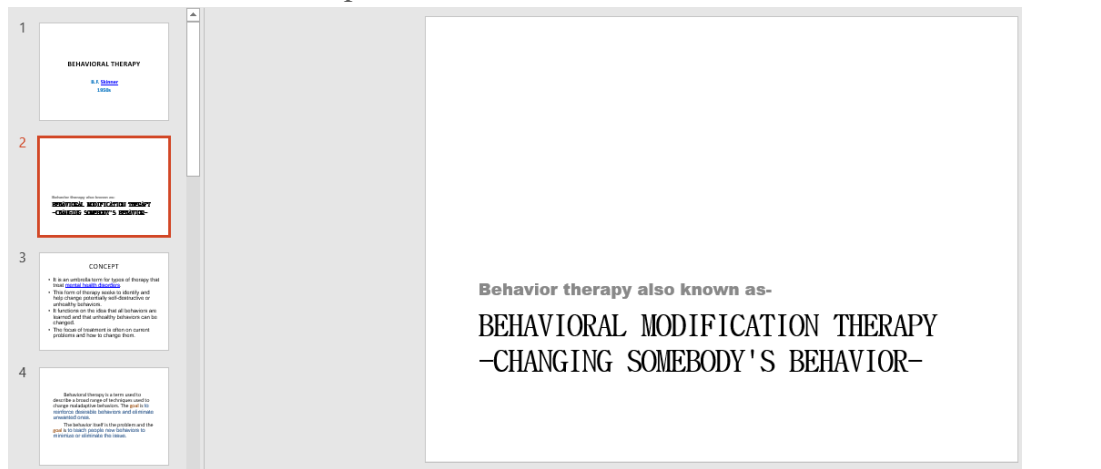

For participation in
Webinar on "Mental Health During Covid-19 Pandemic"
Organised by
Department of Social Work , WMO Arts and Science College, Muttil, Wayanad
On 6 July 2020

Dr. T.P Muhammed Fareed
Principal
WMO Arts & Science
College, Muttil

Mrs.Noorjahan K
Head of the Department
Department of Social Work
WMO Arts & Science College, Muttil

9. TEACHERS CREATED E-CONTENTS

The documents attached are the e-content of faculty prepared by Suhan Shihab, Assistant Professor, Department of Social Work in 2021.

1

BEHAVIORAL THERAPY
Dr. Aaron T Beck
1960s
University of Pennsylvania

2

BEHAVIORAL MODIFICATION THERAPY
-CHANGING SOMEBODY'S BEHAVIOR-

3

CONCEPT

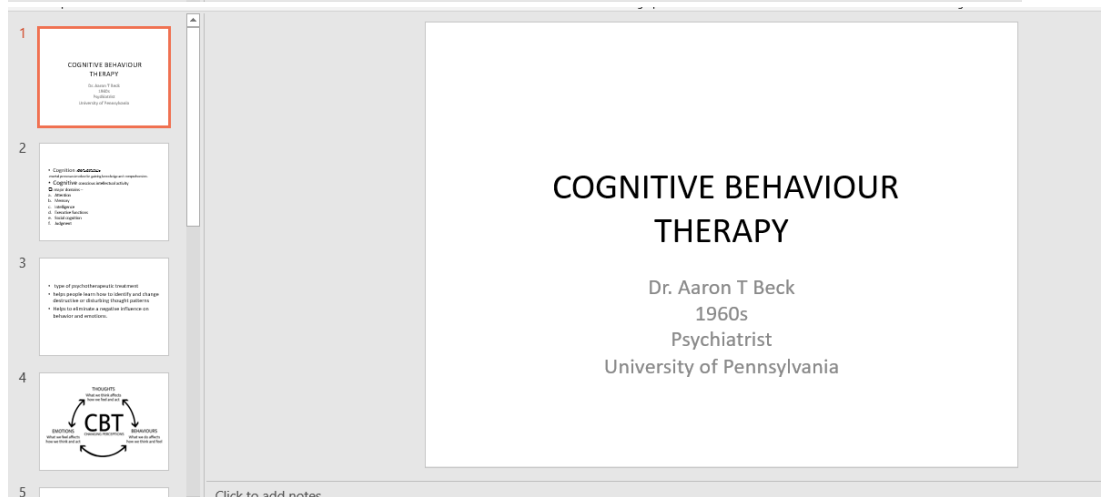

- It is an umbrella term to a group of therapies that use the **principle of behaviorism**
- It focuses on changing **observable and measurable** behaviors
- It is based on the idea that behaviors are learned and that unhealthy behaviors can be changed
- The focus of treatment is on **observable current problems** and how to change them

4

Behavioral therapy is a term used to describe a broad range of methods used to change maladaptive behaviors. The goal is to establish desirable behaviors and eliminate undesirable ones.

The therapist uses the principles of behaviorism to teach people how to change their behaviors or attitudes in a specific way.

Behavior therapy also known as-
BEHAVIORAL MODIFICATION THERAPY
-CHANGING SOMEBODY'S BEHAVIOR-

1

COGNITIVE BEHAVIOUR THERAPY
Dr. Aaron T Beck
1960s
University of Pennsylvania

2

Cognitive restructuring
Cognitive restructuring is a key component of CBT. It involves identifying and challenging negative automatic thoughts and beliefs.

- 1. Identify
- 2. Challenge
- 3. Replace

3

- Type of psychotherapy treatment
- Help people learn how to identify and change maladaptive or distorted thought patterns
- Help to establish a positive influence on behavior and emotions

4

OBJECTIVE
The main goal of CBT is to help people learn how to identify and change maladaptive or distorted thought patterns.

CBT

10. ICT TOOLS USED IN THE DEPARTMENT FOR EFFECTIVE TEACHING LEARNING

The below shown tools are used for research activities, presentations, notification announcement, publishing department level achievements, study material preparations, posting of major and minor events, etc.

During Covid 2019, these ICT tools were the main supportive and assistance to the students and faculties acted as a catalyst for strengthening and continuing the online classes as well as updating academic information & notifications.

1. SPSS FOR SOCIAL WORK RESEARCH
2. POWERPOINT
3. E-MAIL – GOOGLE GROUPS & INDIVIDUAL MAIL
4. GOOGLE CLASSROOM
5. EXCEL
6. VIDEO MAKING
7. INSTAGRAM
8. YOU TUBE
9. FACE BOOK
10. WHATSAPP

11. ICT FACILITIES IN THE DEPARTMENT

The department of social work have the following equipment/ facilities for easy and convenient teaching and keeping data/ information in soft/hard copy.

1. PROJECTOR
2. LAPTOP
3. PC DESKTOP
4. PRINTER
5. WIFI

1. ICT Facilities available in the Department

The department is rich in ICT enabled infrastructure for enhancing the learning experience of the students. Two class rooms of the department are smart class rooms. The department has a computer lab equipped with 15 networked computers of high configuration with UPS backup and internet connectivity. Adequate hardware and software are made available for effectively running computer-related lab courses in electronics.

List of facilities available

4. Simulations and Virtual Labs (to be edited)

First year MSc Electronics students uses simulation software like Proteus VSM, keil 8051 Simulation.

Second year BSc Electronics students uses open-source simulation software LT Spice and CAD tool KiCad for circuit simulation and PCB design in the skill development Lab I and they uses this software for the implementation of mini projects in the fourth semester.

Third year BSc Electronics students uses Scilab for digital signal processing. Second year MSc Electronics students uses Simulink, Matlab for simulating DSP and Communications system experiments.

Apart from this students are made aware of various simulation tools such as tinkercad and Virtual labs available online.

5. Learning Management System

Apart from the face to face teaching learning the department promotes blended learning by the use of LMS of the college WMO E-Space or Google Class Room.

10. Webinars

The Department of Electronics at WMO Arts and Science College organized a webinar titled "Antenna for Modern Wireless Application" on 26th May 2021.

This webinar aimed to provide valuable insights into modern antenna technologies for wireless applications. The target audience for the event included undergraduate students (UG) and postgraduate students (PG). A total of 76 participants attended the webinar, which offered a platform for interactive learning and knowledge sharing. Dr. Muhammed Ameen from IIT Dhanbad was the resource person. He shared his expertise and discussed various topics related to antenna design, including types, principles, and optimization techniques.

Online talk series, Talk 3: Tropical Cyclone and Climate change	Dr. M Govindankutty Department of Earth & Space Sciences, IIST Trivandrum
Online talk series, Talk 4: The Beauty of Nonlinear Systems	Dr. Shubha P.A Department of Physics, Farook College, Calicut
Online talk series, Talk 5: 30 Years of Hubble Space Telescope	Dr. Vivek M IIA, Bangalore
Regional Astronomy Meeting	Prof. Ajit Kembhavi IUCAA, Pune
National Science Day Celebration	Ms Aparna K.M Assistant Professor, Govt. College, Kalpetta

ONLINE LECTURE SERIES 2020
Department of Physics
WMO Arts & Science
College Muttill.

5th talk of the series
**30 YEARS OF HUBBLE
SPACE TELESCOPE**
Resource Person:
Dr. VIVEK M
(Ramamujan Fellow, Indian
Institute of Astrophysics (IIA)
Bangalore)
Date: 22-08-20 (Saturday)
Time 10.30-11.30 am
ONLINE PLATFORM: GOOGLE MEET

Online Lecture Series
Department of Physics
WMO Arts & Science College,
Muttill
3rd Talk of the series
Topic:
Tropical Cyclone and Climate
Change
Resource Person:
Dr.M.Govindankutty
Department of Earth and
Space Science, IIST
27th June 2020
Saturday
10.30 am-11.30am
Online platform:
Google meet
Register through the
<http://shorturl.at/ym48>

Online Lecture Series Organized by
Department of Physics
WMO Arts & Science College
Muttill
2nd LECTURE
OF THE SERIES
Topic
**WOMEN
IN
SCIENCE**
20.06.2020
SATURDAY
10.30 AM - 11.30 AM
DR. RESMI
LEKSHMI
Dept. of Earth & Space Sciences
IIST
Trivandrum
Registration Link: <http://shorturl.at/pxs42>
Talk Platform: Google meet
Target Group: B.Sc., A.M.Sc. Physics Students
Maximum Participants: 200

ONLINE LECTURE SERIES
DEPT. OF PHYSICS
WMO COLLEGE, MUTTIL
11th talk of the series
**THE BEAUTY OF NON
LINEAR SYSTEMS**
Dr. SUBHA P A
(Former HOD,
Department Of Physics,
Farook college)
01/08/2020 10.30-11.30am
PLATFORM:GOOGLE MEET
<http://shorturl.at/uEK04>

ONLINE LECTURE SERIES 2020
Department of Physics
WMO Arts & Science College
Muttill
Online talk on
Expanding Universe
Resource Person:
Dr. ANAND NARAYANAN
(India Institute of Space Science, Trivandrum)
Date: 13-06-2020 (Saturday): 11 am
Platform: Google meet
Link: <https://meet.google.com/xb-zub-dm>

DEPARTMENT OF PHYSICS
WMO ARTS & SCIENCE COLLEGE

"education and some more"

Affiliated to University of Calicut
(Aided by Govt. of Kerala)

P.O. MUTTIL, WAYANAD, KERALA - 673122

Phone : 04936-203382 (Office)
04936-207532 (Principal)

e-mail : wmocollege@gmail.com

9-JULY-2020 - Lightning talks Order

- "Investigating Particle Acceleration in the Wolf-Rayet Stellar CE4+10",
Prashil Pragasani, Physical Research Laboratory, Ahmedabad
- "Correlation Between CME Parameters and Surge Activity in Solar Cycle 25 and 26",
Shilpa K, CUSAT, Kochi
- "Study of Long Term Variations in Solar Activity",
Prabha K, CUSAT, Kochi
- "On the Identification of new Charred Ac stars using LAMOST DR2",
Anusha B, CHEST (Deemed to be University), Bangalore
- "In the ratio of time to red supergiants indicative of the metallicity of an open cluster",
Karthika B Narayan, CHEST (Deemed to be University), Bangalore
- "Transient candidates from the jet-main sequence to the main sequence phase",
Raman Bhattacharyya, CHEST (Deemed to be University), Bangalore
- "Characterization of stars in Nearby Young Moving groups",
Raksha B, CHEST (Deemed to be University), Bangalore

10-JULY-2020 - Lightning talks Order

- "Modeling Galaxy Rotation Curves",
Lakshmi Priya, UCAA, Kerala
- "Theory Independent tests of General Relativity by analyzing Black Hole Images",
Renukh, University of Delhi
- "Two Lines of Sight Observations of Metal-Rich One in a Globular Cluster",
Pratyush Anand, IIT, Thiruvananthapuram
- "The Longitude Dependence of Weather Counts of Stars and Galaxies within the Solar Neighborhood",
Mishra Jay, Sacred Heart College, Chittalyady
- "The study of Latitude Dependence of Weather Counts of Stars and Galaxies Within the Solar Neighborhood",
Rishika Kishore, Sacred Heart College, Chittalyady
- "New view of a Way in the outer disk of the Large Magellanic Cloud",
Suresh K, Amrita University
- "Searching The Optical and UV Counterparts of Chandra Millisecond Pulsars",
Anamika J Prabhu, Vellore college, Tirunelveli

About The Meeting

This is the sixth regional meeting on "Research in Astronomy: Opportunities and Challenges". We believe that this workshop will help to commence and enhance active research collaborations within Astronomy researchers in the region. As in the earlier meetings, it is earnestly hoped that this meeting will turn out to be a venue for fruitful discussions, sharing of scientific results, and beneficial collaborations among the researchers in the region.

Prof. Ranjeev Mires (UCAA) Dr. Joe Jacob (Newman College)
 Dr. Vivek M (IIA) Dr. Biju KG (WMO College, Muttill)

Regional Astronomy Meeting
 9 - 10 July 2020

**Research in Astronomy:
 Opportunities and Challenges**

Online platform: Google Meet

Sponsored by:

Highlights of the meeting:
 9 Review talks by Senior Astronomers
 22 Research talks by PhD students and Post Doc
 14 Lightning talks by MSc students

VII. LAB COURSE

SL. NO.	PROGRAMME	SEMESTER	COURSE	HOUR PER WEEK
1	MSc Physics	I	General Physics I: Electronics I	8
2	MSc Physics	II	General Physics I: Electronics I	8
3	MSc Physics	III	Modern Physics I	4
4	MSc Physics	IV	Modern Physics I: Comp Physics	8
5	BSc Physics	I	Practical Paper I	2
6	BSc Physics	II	Practical Paper I	2

7	BSc Physics	III	Practical Paper I	2
8	BSc Physics	IV	Practical Paper I	2
9	BSc Physics	V	Practical Paper II & III	8
10	BSc Physics	VI	Practical Paper II & III	8
11	Complementary Physics	I	Physics Practicals	2
12	Complementary Physics	II	Physics Practicals	2
13	Complementary Physics	III	Physics Practicals	2
14	Complementary Physics	IV	Physics Practicals	2

VIII. SKILL DEVELOPMENT PROGRAM

Students are encouraged to learn tools such as MS office (word, excel, ppt etc) and the facilities are provided. Students are also given training in the lab to use electronics instruments like multimeter and oscilloscope and attend minor repairs including soldering, etc

IX. ORGANIZING FESTS AND COMPETITIONS

The following days are celebrated during the academic year by conducting various programs.

FESTIVAL/DAY	PROGRAM
National science day celebration	Message: Ms Aparna K.M Assistant Professor, Govt. College, Kalpetta
Bakrid celebration	Eid message & cultural programmes
Onam celebration	Onam message & cultural programmes
Christmas celebration	Christmas message & cultural programmes

X. STUDENT MAGAZINE

One of the most excruciating concerns during the pandemic was the student life in campus. Students all over the world missed their campus life and we have seen its news media. Students from the department of physics however showed their enthusiasm and came up with a beautiful magazine for which the whole department gave immense support. Students adapted to the situation and decided on an online magazine. 2020-2021 magazine was named 'KARADU 2.0' following the previous year magazine 'KARADU'. Shameemudheen KA coordinated the efforts as the student editor. Students contributed to the magazine by providing articles and other creative ideas. Readers can look up the magazine here
