Alama

News letter of Department of Arabic, WMO College, Muttill
2021-2022

Message

The sight of a college that is boisterous with meaningful activities is envious of all. As a principal it makes me on cloud nine when all the departments and students are busy in utilising the available resources in the college. Here I would like to mention the much appreciated programs of Arabic department who are striving every chance to excel in academic field.

Their initiative to publish Alama ,a newsletter is to be recognised and taken into account. Summing up all the activities will strengthen their future activity spirits and can inspire others to ponder over different opportunities.

Clubbing both curricular and co-curricular activities are the real face of your outstanding programs. I am sure that these interventions have helped our young vibrant students to cope up with life situations and helped the Arabic department dynamic with ushered activities. All the best. Let there come many more pivotal programs from your department.

Dr. Muhammed Fareed T.P.
(Principal)

HoD's Note

I am very much elated to publish "Alama" uninterruptedly for the past eight years which is iconic in the archive of our department activities. Each year we demonstrate conducting variety of programs apart from academic activities, and also showed consistent enhancement in its level of performance. Department offers a wide range of innovatively designed and up-to-date programs to meet the changing needs and requirements of the academic and non-academic realms.

Unwavering endorse and constant backing from my colleagues and students made all these possible. Patronize of our Principal and management is also admirable.

This academic year was conspicuous because of its incandescent happenings that acquired global attention. International Conference on "Depiction of India in Contemporary Arab Works" was one among them.

Malayalam translation of Holy Quran by our Faculty was also an eminent benefaction to the humanity. Academic visit of our faculty to the United Arab Emirates,

visiting various Universities and interactions with eminent academicians were also unique and remarkable attainments.

It's my pleasure to recall all enduring and lasting support from varied spheres of scholastic path. Let's continue lifting our hearts up for the greater glory of the Omnipotent. Let's prostrate before the Almighty for his blessings.

Malayalam translation of holly Quran by Dr. Yousuf Nadwi is released by Sayyed Swadik Ali Shihab Thangal . by Handover to M.A. Mohammed Jamal. (G.Secretary. WMO) on 31.03.2022
